https://vimeo.com/ondemand/masteryouruxinterview

18:11:27 From morrison.key to Everyone : Bootcamps are always a toss up… the main variable is the instructors… sometimes you don't get the most experienced ones

18:11:40 From Sarah Monson to Everyone : @Claire Prime Digital Academy. Currently in a UX bootcamp myself

18:12:10 From Lauren Vick to Everyone : This is a very relevant question!! I am also a career changer

18:16:03 From cicy hou to Everyone : i filled the sign up sheet for slack channel, how do i get access? would i receive an invite?
18:16:17 From Stacey Peterson to Everyone : Someone recently described UX as the QA of ideas, and that's basically what research is. You're not going to push out a product without QA, right?
18:16:25 From Viktoriya Babenko to Everyone : Would love to connect and make some new friends!
https://www.linkedin.com/in/viktoriya-babenko/
18:16:26 From UX Research and Strategy to Everyone : Yes - once you fill out a form for slack, we will invite you!
18:16:30 From Kimber Capuchino (She/Her) to Everyone : It cost more to fix something that is broken
18:16:32 From Sarah Price to Everyone : Good point!
18:16:33 From Tyler Parker-Smith to Everyone : https://www.linkedin.com/in/tyler-parker-smith/

I'm on the big sheet from previous meetings, happy to connect.
18:16:47 From Mounir Elogbani to Everyone : It happened to me, a company wanted me to do UX/UI design, frontend development, backend development, code an android version of the app and code ios app, I said to them "I am a designer not a wizard" hehe :)
18:16:56 From jules hare to Everyone : hahaha
18:16:58 From E B to Everyone : hahah
18:17:17 From Chelsie Martin to Everyone : Would love to connect and learn all the things!

18:17:37 From UX Research and Strategy to Everyone : I have a psych research background too!
18:17:38 From Julie Guinn to Everyone : This was awesome, thanks Jenn & team! Look forward to next one!
18:18:15 From Bobby Bishop to Everyone : I've heard that designer roles outnumber researchers 5-1. Any truth to that?
18:18:31 From Andy Warschun to Everyone : Feel free to contact me
https://www.linkedin.com/in/andrea-warschun-7a0624b9/
18:18:50 From Alex Cabral to Everyone : Communicating that you're not a stumbling block, but saving time in getting things right the first time is also a huge overlap with accessibility

18:18:54 From UX Research and Strategy to Everyone : Shameless plug for Capital One— we have research positions open. This one is for Plano, TX, but there are others across the nation! https://www.capitalonecareers.com/job/plano/ux-researcher/1732/17129193

18:18:55 From Dikkala, Rupika to Everyone : it looks like we have to pay for the UXR Portfolio vimeo video? is there a free version?

18:19:11 From Liz Trimber to Everyone : Are there going to be more networking breakout rooms?

18:19:13 From Larissa Akhmetova to Everyone : I have an illustration and graphic design background, trying to get into UX/UI Design. Would love to connect and share portfolio critique! https://www.linkedin.com/in/lurissu/

18:19:18 From Randall Bapst to Everyone : ADPList.org

18:20:19 From UX Research and Strategy to Dikkala, Rupika(Direct Message) : That Vimeo was a paid workshop, so we do charge a small amount for it. It is basically a donation to us to help keep our group running! We are a non-profit run by just a few volunteers, so every little bit helps!

18:20:25 From nikhil rath to Everyone : Thanks for sharing the link Randall

18:20:30 From Dikkala, Rupika to UX Research and Strategy(Direct Message) : I see! thank you!

18:20:37 From Lauren Vick to Everyone : There are Meet Up events that are designed to give feedback. See http://pdxhcd.org

18:20:58 From varunsaini to Everyone : Great Question

18:21:55 From morrison.key to Everyone : It was great to meet everyone … AND to hear that others share the same struggles. Got to get back to work now. Hope to chat again at the next meetup.

18:21:59 From Lizzy to Everyone : Are we doing another breakout room?

18:22:11 From Lauren Vick to Everyone : Work in progress parties are for portfolio/ project feedback: https://pdxhcd.eventbritestudio.com/137668900387

18:22:12 From NICOLE ENG to Everyone : what's tough is getting the first foot in the door

18:22:20 From UX Research and Strategy to Everyone : No more breakout rooms… just the 3 tonight!

18:22:20 From Claire Salinas to UX Research and Strategy(Direct Message) : Hey! Very interested in the capital one UXR role! I believe I have already applied so if you could connect me to a recruiter it would be appreciated!

18:22:48 From Jen Blatz to Everyone : Follow Joel Barr on Linkedin. He tells great stories about his job hunt. Great advice!

18:22:50 From UX Research and Strategy to Claire Salinas(Direct Message) : Hi Claire - shoot me an email with your resume and I can pass it on directly! Lauren.Singer@capitalone.com

18:23:02 From jules hare to Everyone : I do already!!!

18:23:15 From NICOLE ENG to Everyone : OK, I'm getting on that follow

18:23:17 From Todd Wingard to Everyone : Yes just met Joel here and he is amazing!!!

18:23:37 From robert charnley to Everyone : +1 on ADPlist.org @Randell. ADPlist really helped me out over the past year. Amazing community. Follow them LinkedIn too, to join their events, so good. High light of my lockdown week!

18:23:55 From UX Research and Strategy to Everyone : Want a "foot in the door" job opportunity - check into UX Research operations! That was my path into UXR. We do have a position open in Plano tx for that as well: https://www.capitalonecareers.com/job/plano/research-operations-associate/1732/18541481

18:24:14 From Claire Salinas to UX Research and Strategy(Direct Message) : Hey Lauren we have connected before I just realized! You gave me Lisa Yannis contact and I didnt hear back after sending her my resume

18:24:58 From UX Research and Strategy to Claire Salinas(Direct Message) : I thought your name sounded familiar!! Go ahead and email me again and I'll reach out to her to check in on it.

18:25:25 From Lizzy to Everyone : This is an AMAZING video about negotiating that 81 Cents shares. https://www.youtube.com/watch?v=XXhrtLOIoU4&t=1s

18:25:51 From LeAndrea Alexander to UX Research and Strategy(Direct Message) : Hi! I took a peek at the UX Research Operations Associate role. I believe that this would be a good entry point for me, is there an opportunity for us to chat at a later date about this opportunity?

18:26:01 From Claire Salinas to UX Research and Strategy(Direct Message) : Ok!

18:26:51 From UX Research and Strategy to LeAndrea Alexander(Direct Message) : I am not the hiring manager for this, so it would be best to go ahead and apply for the position to get your hat in the ring!

18:27:05 From LeAndrea Alexander to UX Research and Strategy(Direct Message) : Ok! Thank you

18:27:25 From UX Research and Strategy to LeAndrea Alexander(Direct Message) : Thanks for reaching out!

18:28:19 From Bobby Bishop to Everyone : Design Buddies discord community has a channel for portfolio reviews and a channel for research. I got some good feedback from them on designs that I did. I think a mentor is very useful.

18:28:50 From Barr, Joel to Everyone : User Interviews have their "State of UX Research" out - go read it. Readers are Leaders!

18:30:00 From Mounir Elogbani to Everyone : You need to have an experience to get a job and you need to have an experience to get a job. It's an infinite loop hehe :)

18:30:22 From Teresa to Everyone : I second that, Joel! My boss personally told me the same thing when he hired me

18:31:22 From jules hare to Everyone : thats your resume

18:31:44 From UX Research and Strategy to Everyone : YES! Always tailor your resume/portfolio for the job you're interviewing for. And focus on results and outcomes.. not activities.

18:32:42 From UX Research and Strategy to Everyone : I personally look for folks that show ownership. Meaning the researcher/designer doesn't just care about their results (insights/designs)… but how those things actually drove value.

18:32:50 From Lauren Vick to Everyone : KPIs?

18:33:00 From Tyler Parker-Smith to Everyone : Key Performance Indicator

18:33:03 From Liz Trimber to Everyone : When describing added value, how do you deal with proprietary information? I worry about providing specific revenue information on my resume.

18:33:44 From UX Research and Strategy to Everyone : Talk in more general terms on things like your resume —increased NPV by 20% (rather than actual revenue #s)?

18:34:14 From Lisa D to Everyone : It's important to understand the business goals and constraints (time, technology limitations, internal politics, brand position, etc.)

18:34:14 From Tyler Parker-Smith to Everyone : "drop out rate"

18:34:38 From ANAHIT POGOSSIAN to Everyone : That's definitely the hardest part of trying to translate my work during my PhD program for 'actionable insights' since the goals of academia is to spread knowledge (i.e. publish papers, conferences, etc) and not direct impacts on products.

18:34:52 From Agnes Kiss to Everyone : as a UX researcher, I do not know how the KPIs have changed,

18:35:40 From Tyler Parker-Smith to Everyone : Sounds like bad internal communication if you don't know the effects of your work.

18:36:10 From Claire Salinas to UX Research and Strategy(Direct Message) : I emailed you great connecting again1

18:36:12 From Claire Salinas to UX Research and Strategy(Direct Message) : !

18:36:17 From Agnes Kiss to Everyone : I worked through a UX research agency, and clients do not communicate that back

18:36:37 From Claire Salinas to Everyone : Nice meeting you all feel free to connect on LinkedIn!

18:37:25 From jules hare to Everyone : awesome advice!!!!!

18:37:44 From Lana to Everyone : Guys, you asked about feedback for your work. I have the same issue. What was that website with mentors, if you don't mind to remind?

18:37:52 From Teresa to Everyone : ADPlist

18:37:58 From Chelsie Martin to Everyone : https://www.adplist.org/

18:38:35 From Bobby Bishop to Everyone : I think ux coffee hours are another one, but I haven't used it before.

18:38:40 From Lana to Everyone : Thanks a lot 👍

18:38:44 From robert charnley to Everyone : @Tesh that is great advice, as regards to not having stats as an impact for reference. Thank you

18:39:08 From Tesh Goyal to Everyone : Happy to help <3

18:39:47 From Bobby Bishop to Everyone : do you guys in research work with analytics?

18:40:10 From Sarah Price to Everyone : Would saying "improved team workflow by researching and switching to a more collaborative platform" be a good "KPI"?

18:40:14 From Vibha Bhagwat to Everyone : Tesh, could you share your linked in profile please?

18:40:43 From Tesh Goyal to Everyone : https://www.linkedin.com/in/teshgoyal/

18:40:51 From Alex Cabral to Everyone : @Sarah I think it needs more specific. Like "improved team workflow, as measured by xyz"

18:40:57 From Vibha Bhagwat to Everyone : Thx @tesh

18:41:16 From Sarah Price to Everyone : @alex Thanks!

18:41:46 From Tyler Parker-Smith to Everyone : You can't prove a negative, it's such a complex problem.

18:42:02 From Tesh Goyal to Everyone : You can also say : this changed the work done by 100 engineers

18:42:13 From Tesh Goyal to Everyone : saved x number of manhours

18:42:36 From Vibha Bhagwat to Everyone : Is this recording being made available later?

18:43:14 From jules hare to Everyone : great q!

18:43:39 From Tyler Parker-Smith to Everyone : I spent time working on a volunteer open source project last year to try practice building UX experience.

18:44:04 From Roman to Everyone : and how was that @Tyler?

18:44:19 From UX Research and Strategy to Everyone : I did the same thing John—did 2 jobs for a year to get experience I needed

18:44:34 From Tyler Parker-Smith to Everyone : it's ongoing, i actually slowed my course progess because of the work.

18:44:57 From UX Research and Strategy to Everyone : RE: Recording — we did not record this event tonight since it was a more informal networking event. Would the recordings of these types of events in the future be worthwhile to y'all?

18:45:10 From Gabriella Bauer to Everyone : Well said!

18:45:12 From Liz Trimber to Everyone : One of the ways I got job experience was working with very, very early stage start-ups that had very little budget but a need for research.

18:45:23 From jules hare to Everyone : great to hear as a teacher switching to UX!

18:45:32 From Alex Cabral to Everyone : Same here, but in the non-profit space

18:45:42 From Tyler Parker-Smith to Everyone : i'm a special needs support educator

18:45:42 From Bobby Bishop to Everyone : I think a recording of the post networking conversations would be good

18:45:55 From Victoria Scripps to Everyone : Thank you, John, it was a great insight!

18:45:58 From Gabriella Bauer to Everyone : This was amazing. Hope it can happen again- really enjoyed the format

18:45:58 From Teresa to Everyone : Thank you so much!! I must run

18:46:28 From Vibha Bhagwat to Everyone : Re recording - the answers offered from experts are invaluable, but I could not get all the info. It would have been nice to go back and listen to those.

18:46:32 From UX Research and Strategy to Everyone : Vimeo UX Research Portfolio https://vimeo.com/ondemand/uxrportfolio

18:47:00 From Agnes Kiss to Everyone : This is awesome, thank you

18:47:05 From UX Research and Strategy to Everyone : Vimeo Master your UX Interview https://vimeo.com/ondemand/masteryouruxinterview

18:47:31 From Roman to Everyone : Some stupid question - but - how can we deal in a outsourcing, where mostly that was not so much attention taken to research?

18:47:33 From Daree Allen (Writer & Voice Actor) to Everyone : I signed up w Catchafire recently, good tip

18:47:37 From Tesh Goyal to Everyone : +100
18:47:47 From Roman to Everyone : awesome advice @Jen
18:47:57 From Andy Warschun to Everyone : Great tip, Jen. But guess that works only before you get a real UX job
18:48:15 From Vibha Bhagwat to Everyone : @Jen great advice "You make the volunteer gig work from you"!
